

The iPad and the Paperless Cockpit

Hank Gibson, Instructor/Pilot for High Performance Aviation, LLC in Sugar Land, TX, will present about EFBs (Electronic Flight Bags) - including both the iPad and iPad Mini - and how they are quickly changing the way we fly, and some things to keep in mind when using each. Will discuss the applications and regulations regarding electronic charts for both IFR and VFR flight as they relate to Part 91 operations.

Directions: From I-45: Take exit 29 (FM 2351) and make a right onto FM 2351. Continue about 5 miles and make a right on CR 127. Continue half a mile and take a left onto CR 130, and make a right turn through the second gate going into the Airport. Make a right turn at the first right and take an immediate left toward the blue hangar, which is the BAAC clubhouse.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
